

September 2021

## **Strong line-up: Chemspec Digital 2021 gathers impressive array of industry experts and hosts top-notch conference programme**

**For the second time, Chemspec Digital provides an interactive networking event for the fine and speciality chemicals community. Hosted online from 29 – 30 September 2021, industry experts will have the opportunity to meet, conduct business and learn about the latest trends & developments.**

To date, more than 200 companies from 25 countries will be exhibiting at this year's Chemspec Digital, representing an excellent cross-section of the fine and speciality chemicals industry. Amongst exhibiting companies are AlzChem Trostberg GmbH, BASF SE, CABB AG, Dottikon Exclusive Synthesis AG, ESIM Chemicals, Lonza Solutions AG, Robinson Brothers Ltd, Saltigo GmbH, SOLVAY, Vertellus, WeylChem and many more.

Visitors of Chemspec Digital can virtually meet relevant suppliers and ultimately source the best solutions for their needs. [A short video explaining the platform](#), its functionalities and what to expect from this year's event is available at the show website.

Furthermore, Chemspec Digital 2021 provides an ideal opportunity for the global fine and speciality chemicals community to gain insights into latest industry knowledge, ongoing R&D projects and innovations. Spanning five theatres, more than 20 conferences cover some of the most relevant industry topics. Participants can look forward to popular sessions, such as "Global Crop Protection Industry Market Overview", "What is new in the chemistry startup scene?", "UK REACH - current requirements and emerging landscape" and many more. [The conference programme](#) is also available at the show website.

### **Key details for participants**

Chemspec Digital 2021 takes place online from 29 – 30 September 2021. The opening times are 6 am to 8 pm (GMT +2) and visitor registration is free of charge. More information: [www.chemspeceurope.com/digital2021](http://www.chemspeceurope.com/digital2021)
