

13th June 2024

Chemspec Europe 2024: the premier platform for product sourcing, networking, and industry insights opens next week

From June 19-20, Chemspec Europe 2024 will welcome visitors to Messe Düsseldorf, Germany, offering a premier platform for product sourcing and industry networking. This event will also provide critical updates on industry trends and regulations through an extensive conference programme. The 37th edition of the International Exhibition for Fine and Speciality Chemicals serves as a key meeting point for buyers, traders, and agents seeking bespoke solutions and innovative substances.

Covering nearly 7,640 m² of exhibition space, the event will feature around 400 exhibitors from 26 countries, representing top international organizations from countries such as Germany, the USA, France, India, the United Kingdom, Switzerland, and Belgium. Exhibitors will showcase a diverse range of fine and speciality chemicals. These products cater to various industries, including pharmaceuticals, agrochemicals, polymers, food and feed ingredients, flavours and fragrances, pigments and dyes, paints and coatings, household and cleaning chemicals, adhesives and sealants, leather and textile chemicals, electronics, and more. The exhibitor list includes Arxada AG, Brenntag Holding GmbH, CABB AG, Dottikon Exclusive Synthesis AG, China Petroleum & Chemical Corporation (Sinopec), ESIM Chemicals GmbH, Midas Pharma, PI INDUSTRIES LTD, Robinson Brothers Limited, Saltigo GmbH (Lanxess), SEQENS SA, Society of Chemical Manufacturers & Affiliates (SOCMA), Umicore Specialty Materials Brugge NV, Weylchem International GmbH and many more.

For a complete list of suppliers, please visit the [Exhibitor list](#).

"As one of Europe's largest manufacturing sectors, our industry is at the forefront of pioneering materials research, including biochemistry and nanotechnology, with a strong emphasis on sustainability and green initiatives. Chemspec Europe 2024, with its wealth of expert knowledge both in the conference programme and among industry-leading exhibitors, is the ideal place to gain the insider information needed to stay competitive in an industry undergoing significant transformations driven by technological advances, digitalisation, and environmental considerations. As a comprehensive platform for new learning opportunities, networking with industry peers, and showcasing this dynamic industry, Chemspec Europe 2024 offers attendees a gateway to explore the latest trend in the fine and speciality chemicals industry" commented Christiane Beck, Event Manager of Chemspec Europe.

A high-quality conference programme

Featured at Chemspec Europe 2024, a wide range of free-to-attend conferences will offer further insights into significant industry developments and key strategies adopted by industry leaders to succeed and grow. Delivered by RX, in cooperation with partner organisations and industry experts,

the sessions on the agenda will cover a broad range of topics. On day one, at the **Agrochemical Lecture Theatre**, David Li (Li Xiaoyu) from SPM Biosciences (Beijing) Co., Ltd., will introduce “*Chinese Agrochemical Industry Update*”, followed by the “*Innovative Startups Sessions*”, organised in **partnership with BCNP Consultants GmbH and ECP**, which will be moderating keynote sessions and discussions on different topics, such as green chemistry, analytics, big data and artificial intelligence. At the **Royal Society of Chemistry Lecture Theatre**, Robert Peeling from Britest Ltd, will present “*Visualized whole system understanding for Resource Innovation in Speciality Chemicals*”. On day two, at the **Pharma Lecture Theatre**, Dr. Birgit Skuballa and Rincy Joseph from PSCI will deliver the keynote session “An Evolving Legislative Landscape Moving Towards Responsible Supply Chain Management”; whilst Dr. Eduard Cayón from Rephine will host “Leveraging Artificial Intelligence to Transform Every Facet of the Pharmaceutical Industry”. Dr. Marc Richard Hayes, from Enzymaster Deutschland GmbH will hold “Developing new manufacturing processes with ‘old’ enzymes”, on stage at the **Regulatory Service Lecture Theatre**.

Please visit the [conference programme](#) with detailed information on all the sessions, speakers, dates and times.

New for 2024: Chemspec Europe App

Launching for the first time at Chemspec Europe 2024, the Chemspec Europe app is designed to enhance attendees' event experience with a suite of user-friendly features. Visitors can easily navigate the show floor using the interactive wayfinding map, access the comprehensive list of international exhibitors, and manage the Matchmaking diary. The app also allows users to view and bookmark conference sessions, receive real-time event alerts, and find answers to any queries in the extensive FAQ section. The app is available to download on the [App Store](#) and on [Google Play](#).

Opening hours and ticket information

Chemspec Europe is open from 9 am to 5 pm on both days, 19-20 June 2024. Entry tickets to the show are still available online at the cost of 85€, until 18 June. From 19 June, tickets will be available to be purchased on-site for 100€ at the show registration area in Hall 3 at Messe Düsseldorf.

Entry tickets are valid on all exhibition days, with the possibility of multiple entries, and include free access to all conference sessions.

For visitor registration and more information on the show, please visit <https://www.chemspeceurope.com/>
